Languages: Python, C, C++, C#, Java, JavaScript, HTML/CSS, PHP

Frameworks: React, Node.js, ASP.NET, Torch, Scikit Learn, Tensorflow

Developer Tools: Git, Jupyter, Google Colab, MATLAB, VS Code, Visual Studio, IntelliJ, NetBeans

Databases: MySQL, MSSQL, Firebase

Libraries: Pandas, NumPy, Matplotlib, Scikit, Keras, Seaborn

OS: Linux, Windows

PERSONAL SKILLS

Languages

- Bangla(Native)
- English(Fluent)

Communication

- Organized "Codeware19", an intra-university event where the students participate to showcase their brilliant projects and technologies.
- Organized Intra AUST Programming Contest Spring-2019

RESEARCH WORKS

Design of an Arrhythmia Classification Algorithm Using 2-D Convolutional Neural Network

In our research we attempted to detect arrhythmia beats from ECG(Electrocardiogram) using CNN. VGGNet was introduced to compare the performances of our model

BanglaNet-for-Bangla-Handwritten-Characters-and-Numerals-Recognition

The research explores the opportunities and methods that are required to classify Bangla handwritten characters. The research shows **CNN** performed better than **ANN** approach.

ACADEMIC PROJECTS

Hospital Management | *Web Application*

- Developed a full-stack web application using with **ASP.NET MVC**
- Back-end is handled with **C#** and front-end is implemented with **Razor**

Toilet-Dhaka | *Web Application*

- A flat renting website written in **HTML5**, **CSS** and **PHP**
- Made the application more interactive by using **JavaScript**

Bank Management System | *Database Application*

- A database management software that can handle all the regular bank transaction written with **Java**, **Java GUI** and **MySQL** for all queries

Dhaka City Bus Routes | *Android Application*

- A simple application that can find all the routes of buses available in Dhaka city with proper details
- Developed with **Java** using **Google Maps API** and **JSON**

Railway Management System | *Database Application*

- A client server database management software that can deal with all the railway activities written in **PLSQL**

EXTRA CURRICULUM ACTIVITIES

- Secured 1st runner up position among the 5 teams from 2nd year 2nd semester in Intra AUST Programming Contest Fall-2017
- Winner of Intra AUST Programming Contest Spring-2016 'Junior Section' with 20 teams
- Qualified for Intra AUST Programming Contest Fall-2016, Spring-2017, Spring-2018 and Fall-2018 with 20 teams
